Re: New Bedford Harbor Litigation

Dear Ralph:

Starting at p. 6-4 of the RI/FS Work Plan is a statement that a technical progress report and a financial management report will be issued monthly by NUS. Would you please advise me how many such reports have been issued to date, or when the first report is expected. I would like to receive copies of all that have been issued, and to be on the distribution list for all that are issued hereafter. I would also like to receive all task-specific interim, draft and final reports, mentioned on p. 6-7.

This will also confirm my request last week that you provide me with copies of all public information brochures, bulletins, news releases and the like which have been issued by EPA, NOAA or any other federal or state agencies relating to this matter.

I would appreciate it if you could respond immediately. Thank you.

Very truly yours,

Bill
